

Eze Cloud Services Portfolio

Eze Castle Integration's cloud services allow alternative investment firms to outsource all or select services to Eze Castle and benefit from the inherent advantages of cloud computing.

All Eze Cloud services are fully managed and maintained by our technology experts.

By selecting a cloud-based solution, a firm can reduce costs, minimize capital expenditures and always have the best IT environment.

Eze Castle's cloud infrastructure is fully backed by an aggressive Service Level Agreement (SLA) to help keep your systems up and running at peak performance.
