

Spam Filtering

Eze Castle Integration has developed an email filtering solution that includes the industry-renowned Spam Assassin™ software. Our email filtering solution is fine-tuned for financial services clients and utilizes several different technologies to determine which messages arriving in to your network are legitimate, and which are unsolicited junk messages. Best of all, it can be customized for your own need and is self-adapting to new spamming techniques.

BENEFITS

- User-free installation and implementation
- Only legitimate emails are delivered, directly to addressees
- Seamless spam filtration (one-time setup required)
- Fully automated process
- Ongoing adjustments for increased accuracy
